## Some like it HOT!

### Ghost Pepper Sea Salt

#### ONLY FOR THE MOST DARING!

- With a taste only for the very daring, this salt is the hottest salt in the world! Made from pure, unrefined sea salt and the Naga Jolokia pepper, this salt has a spicy hot flavor that is without compare. Named for one of the most venomous snakes in India, this pepper, also known as the King Cobra Chili, has a blazing heat that is out of this world.
- Uses: For some flaming flavor, sprinkle over chicken wings, chili, or your fajitas.

### Habanero Heat Sea Salt

#### YES, IT'S HOT, FOR THE ADVENTUROUS

- Ground down, high-quality, high-heat habanero peppers create an intense sea salt with a kick. This is the perfect salt for anyone who likes to add a little extra punch to anything on the grill.
- Uses: A great match with recipes that call for lime and butter. Use sparingly!

### Jalapeno Sea Salt

#### IT HAS A KICK, AND LOTS OF FLAVOR! MUY BUENO

- A blend of all natural sea salt and authentic jalapeno pepper.
- This salt will give a bite of spice to your favorite recipes on the grill or in the kitchen.
- Uses: Heat up guacamole, flank steak, and chicken and rice for a peppery bite.

### Szechuan Pepper Sea Salt

#### ASIAN HEAT

- Szechuan (or Szechwan) pepper is actually a type of spicy berry.
- This salt is not as spicy as other peppers, but rather has a citrus, woody taste.
- Uses: Try as a finishing salt on any meal, sprinkling on French fries or popcorn, and goes perfectly with any Chinese inspired dishes.

### Chile Verde Sea Salt

#### WARM AND TASTY

- Biting into this salt is just like biting into a fresh, green chili.
- Uses: Mexican dishes and seafood or try it on ice cream!

### Chipotle Sea Salt

#### WARM AND SMOKY

- This smoky seasoning combines the earthy spiciness of smoked chipotle peppers with the crisp taste of all natural Pacific sea salt.
- Made with real smoke-dried jalapeno peppers, and as warm and delicious as its namesake, this salt has a rich toasted pepper flavor that brings a dash of fiesta to the table.
- Uses: Salads, roasted vegetables, seafood, meats, pasta, finishing, fried foods, popcorn or bread dipper.

### Raging River 5 Pepper Blend (Rivers Of The World)

- This is our special 5 pepper spicy and hot blend developed for Rivers of the World fundraising. It's flavorful and spicy!
- \$2 of every bottle is donated to Rivers of the World.
- Uses: Eggs, potatoes, rice, add to stews and soups or add to sour cream for a great dip!

### Hot Hungarian Paprika

#### WARM AND RICH, PEPPERY HOT

- Hot Hungarian Paprika is richer in flavor, and redder in color than paprika of other origins.
- Uses: Goulash, chicken, salad, rice, eggs, stew, soups and Paprikash.
